imageCLASS® MF7460 Duplex Copier | Laser Printer | Super G3 Fax

A Laser Multifunction for a Small Office

- Fast Copying and Printing with 25 Pages-Per-Minute Output Speed
- 2-Sided Copying, Printing, and Faxing Built-In
- Super G3 Fax with up to 1,000 Pages of Reception Memory[1]
- 11" x 17" Paper Handling and Large Paper Capacity with 2 x 250-Sheet Cassettes plus 80-Sheet Multipurpose Tray

25 cpm/ppm	**Fast Copy and Print Speeds** Whether your customers need hundreds of copies or just one, they will appreciate MF7460's 25 pages-per-minute output, First Copy Time of 6.9 seconds, and quick recovery time between copy jobs.
ALL-MODE DUPLEX 2-SIDED 2-SIDED	**2-Sided Copy, Print, and Fax** Save time and resources: the MF7460 can automatically make 2-sided copies, prints, and faxes. The MF7460 will give your customers a variety of handy 2-sided input and output options for their copy jobs (1-to-1, 2-to-1, and 2-to-2).
SUPER G3 HIGH-SPEED FACSIMILE	**Fax Functionality for Small Office** Your customers may save time and money on phone bills with a fast 3 seconds/page transmission speeds. They can manage a full contact list with 200 one-touch and 300 coded dial speed dial locations. They'll never miss an important fax with the 1,000-page reception memory.[1]
	¼ VGA Touch Screen Panel Similar to the control panel on high-end digital copiers, the large ¼ VGA Touch Screen Panel makes it easy to access and operate the MF7460's advanced features.
11"x17"	**11" x 17" Platen and ADF** Since businesses may need to handle documents that come in many different sizes, the MF7460 provides them flexibility by supporting up to 11" x 17" on the platen and ADF.
	Large Paper Capacity When productivity is key, the MF7460 can store up to ream of paper (and more) with its two 250-sheet cassettes and 80-sheet multipurpose tray. The 50-sheet Automatic Document Feeder handles multi-page documents with ease.[2]
SINGLE CARTRIDGE SYSTEM	**Laser Toner Without The Mess** Single Cartridge System offers virtually maintenance-free performance with toner and drum in one easily replaceable unit; delivering consistent copy quality. Small offices will appreciate having only one consumable to store and replace.

Know Your Customer

imageCLASS® MF7460 Detailed Specifications

1 The Public Switched Telephone Network currently supports fax modem speeds of 28.8 kbps or lower, depending on telephone line conditions. Sending and receiving fax machines need to conform to ITU-T V.34 guidelines. Approximate 3 seconds-per-page fax transmission time is based on ITU-T chart #1 (MMR/standard mode) at 33.6 kbps modem speed when transmitting to another V.34 fax machine.

2 Based on 20 lb. paper
