

PIXMA® MX330 Office All-in-One

Advanced Office All-In-One Printer with Fully-Integrated ADF & 1.8" LCD Screen.

- Rapid document printing, copying, scanning and a 4x6" borderless photo in approx. 45 sec.¹
- Featuring high speed "Super G3"² Fax with memory to store 20 coded speed dials and up to 50 incoming pages.³
- Various security features available – prevent mistaken fax transmission, create PDF files with security passwords.

Fast Print/Copy Speeds

A borderless, lab quality 4"x6" photo is ready in approx. 45 seconds. With the ChromaLife100+ system, those photos will resist fading up to 300 years in an archival album.⁴

Handles Big Jobs

The Fully-Integrated Auto Document Feeder can hold 30 sheets at one time, making it much easier to copy, scan or fax multi-page documents. The new design makes it easy to access the control panel when scanning large documents.

Quick Start...and More

The MX330 is up and running in seconds with Quick Start. Scan documents to archive or create PDF files with MP Navigator EX. Enhance images in one-touch with Auto Photo Fix, then print in a few easy steps with Easy-PhotoPrint EX.

Smart Copying and Scanning

Dual Color Gamut Processing Technology automatically optimizes copy quality based on the type originals you are copying. Even copies of copies look great. Store images or documents directly to USB Flash Memory without a computer.

Fax Memory

Super G3 (33.6 Kbps) fax with memory up to 20 coded speed dials and up to 50 incoming pages.³ New "Extra Fine" fax resolution provides better image quality when sending black and white text.

Click-Connect-Print

Just capture an image with a PictBridge ready digital camera/DV camcorder, then connect and print! Or, with optional Bluetooth adapter print your images from cell phone or other wireless devices⁵.

Know Your Customer

[PIXMA MX330 Detailed Specifications](#)

[PIXMA MX330 Product Tour](#)

1 Photo print speed is based on the default setting using ISO/JIS-SCID N2 on 4x6" Photo Print speed measured as soon as first page begins to feed into printer. Copy speed is measured after the first page is ejected. Output speed will vary upon a number of factors. See www.usa.canon.com/printspeed for additional information.
2 Approximate 3-seconds-per-page fax transmission time is based on ITU-T Chart #1 (MMR / standard mode) at 33.6 Kbps modem speed when transmitting to another v.34 fax machine. The Public Switched Telephone Network (PSTN) currently supports 28.8 Kbps modem speed or lower depending on telephone line conditions.
3 Page count is based on ITU-T No.1 chart or Canon FAX Standard Chart No.1.
4 Based on accelerated testing by Canon in dark storage under controlled temperature, humidity and gas conditions, simulating storage in an album with plastic sleeves. Canon cannot guarantee the longevity of prints; results may vary depending on printed image, drying time, display/storage conditions, and environmental factors. See www.usa.canon.com/chromalife100plus for additional details.
5 Requires mobile phone equipped with PictBridge technology and a USB cable. Bluetooth v2.0 with optional Canon Bluetooth Unit BU-30. Bluetooth operation depends on the device and software version used. Operating distance is approx. 10 meters but may vary due to obstacles, radio signals, locations where radio interference occurs, magnetic fields from microwave ovens, device sensitivity and/or antenna performance.
