

## Color Laser Multifunction Printer

For your home and home office customers who need a compact yet high quality color laser multifunction for printing, copying, faxing, and scanning.

- Images that are true to the original with Superior Color Imaging technologies
- Compact yet versatile laser multifunction for printing, copying, faxing, and scanning
- Easy setup and maintenance

### Superior Color Imaging

Capture finer details with remarkable tone-on-tone clarity. Pure Black Technology ensures the richest blacks by utilizing only the black toner to print black text. Auto Gradation Adjustment System helps to produce consistently excellent color output by automatically adjusting to the changes in the environment.

### Compact Design & Energy Efficiency

Help your customers free up their desk space with the MF8050Cn's compact design. Efficient 3W energy saving mode may help to save money on energy bills.

### Built-in Networking

Sharing the MF8050Cn is easy with the built-in Ethernet connectivity. Your customers can share the convenience of network printing, scanning, and PC faxing.

### Improved Usability & Maintenance

Complete tasks easily with the large 5-line LCD. On screen animations assist your customers with tasks such as changing cartridges. Four individual Single Cartridge Systems, one for each color, make maintenance easy while providing consistent output quality with every toner change.

### High Performance

The MF8050Cn can print or copy in full color at up to 8 ppm and B&W at up to 12 ppm. The fast Super G3 fax includes 200 convenient speed dials (19 one-touch and 181 coded), as well as a generous 512-page fax memory.<sup>1</sup>
