Built in 2-Sided Output

Save paper by printing, copying (1 to 2-sided), and receiving faxes printed on both sides of the paper.

High Performance

Your customers can get their documents fast, whether it's in color or B&W with output speeds of up to 21 ppm. The fast Super G3 fax includes 19 one-touch and 181 coded speed dials, as well as a generous 512-page fax memory.¹

Easy Maintenance & Energy Efficiency

Four individual Single Cartridge Systems, one for each color, make toner changes easy while providing consistent output quality. Efficient 3W energy saving mode on MF8350Cdn may save your customers money on energy bills.

Built-in Networking

Sharing the MF8350Cdn is easy with the built-in Ethernet connectivity. Your customers can share the convenience of network printing, scanning, and PC faxing.

Superior Color Imaging

Capture finer details with remarkable tone-on-tone clarity. Pure Black Technology ensures the richest blacks by utilizing only the black toner to print black text. The Auto Gradation Adjustment System helps to produce consistently excellent color by automatically adjusting to the changes in the environment.
