

Easy Photo Printing from Room to Room.

For the customer who is looking for a compact printer that can be taken on the road or used at home.

- Light compact design makes it easy to take anywhere with optional battery
- Preview prints on the 2.5" color LCD screen
- Print water resistant photos that last up to 100 years¹ in approximately 47 seconds²
- Print directly from memory cards via the card slots³ or wirelessly with a Bluetooth-enabled device and optional Bluetooth adapter⁴

Print Anywhere, Anytime

With the optional NB-CP2L Lithium-Ion rechargeable battery, your customer can take the CP780 to any occasion for worry-free printing.

Preview Images Before Printing

View photos on the 2.5" color LCD screen before printing them out. Friends and family can view and select their favorite photos directly from the LCD screen.

Built-in Photo Enhancement and Creative Options

Enhance photos automatically so they look their best with Portrait Image Optimize. Optimal corrections are made to photos including: red-eye correction, background correction, and face detection color correction. It's easy to get creative with "My Colors" creative options including Vivid, Neutral, Sepia, B/W and Positive Film.

Print Photos Without a Computer

Print high quality borderless photos in approximately 47 seconds with the CP780.⁴ Photos can be printed from memory cards or with the optional BU-30 Bluetooth adapter for wireless printing.^{2,3}

1 Based on accelerated dark storage testing by Canon under controlled lighting, temperature and humidity conditions. Canon cannot guarantee the longevity of the prints; results may vary depending on printed images, display/storage conditions and environmental factors.
 2 Print speed obtained using compatible Canon compact digital camera incorporating DIGIC II <other camera models may vary>.
 3 Compatible memory cards include SD™ Memory Card, miniSD Card, SDHC™ Memory Card, miniSDHC™ Card, MultiMediaCard®, MMCplus Card, MMCmobile Card, HC MMCplus Card, RS-MMC™, CompactFlash® Card, Microdrive®, Memory Stick®, Memory Stick® PRO™, Memory Stick® Duo™ and Memory Stick® PRO Duo™. The following can be used with the addition of a special adapter sold separately: microSD™ Card, microSDHC™ Card, MMCmicro Card, xD-Picture Card® and Memory Stick Micro™.
 4 System requirements vary by application. Some drivers may require download from www.usa.canon.com. See www.canontechsupport.com for updated compatibility.
 5 Requires mobile phone (or other device) equipped with Bluetooth v2.0 and optional Canon Bluetooth Unit BU-30. Bluetooth operation depends on the device and software version used. Operating distance is approx. 10 meters but may vary due to obstacles, radiosignals, locations where radio interference occurs, magnetic fields from microwave ovens, device sensitivity and/or antenna performance.
