

So Easy to Use – Get Creative On the Go!

Perfect for young families who want to print photos easily and have fun too.

- Add fun, creative options to photos such as frames, calendars, photo diary print, and much more
- Carry and print wherever with special storage basket and optional battery – No computer needed
- Preview, edit and print from compatible memory cards¹ using the 3.0" LCD screen
- Enhance images with “Portrait Image Optimize” to create amazing prints

Get Creative

Create Frames, Calendars, or even a Photo Diary Print with the CP790. The Easy-Scroll Wheel makes it easy to use. This includes cropping and adding “My Colors” effects, including Vivid, Neutral, Sepia, B/W, Positive Film and Lighter & Darker Skin. SELPHY Photo Print software for the PC and Mac includes additional creative print features and Voice Guidance.

Fun Packed and Ready to Print Anywhere!

The CP790 puts the fun into portable printing. Kids will be drawn to the playful design, including the special basket and carrying handle. The basket conveniently stores consumables, paper cassettes and power accessories. Add the optional NB-CP2L Battery Pack for total portability.

Built-in Photo Enhancements

The large 3.0" LCD screen lets your customers view all the details of their photos before printing. The CP790 also enhances photos with both Red-eye correction and “Portrait Image Optimize” using automatic face detection and background correction.

Print Directly or Wirelessly

Direct photo printing has never been easier. Your customers can print directly from a wide variety of memory cards, or from digital cameras via PictBridge.¹ Customers can even print wirelessly from camera phones, from IrDA-compatible devices, or with the optional BU-30 Bluetooth adapter.^{2/3/4}

Connectivity	
Memory Cards, ¹ PictBridge, Camera Phone Printing, ² IrDA, ³ Bluetooth ⁴ (opt.) Optional Rechargeable Battery	Memory Cards, PictBridge, Bluetooth (opt.) Optional Rechargeable Battery

1 Compatible memory cards include SD™ Memory Card, miniSD Card, SDHC™ Memory Card, miniSDHC™ Card, MultiMediaCards®, MMCplus Card, MMCmobile Card, HC MMCplus Card, RS-MMC™, CompactFlash® Card, Microdrive®, Memory Stick®, Memory Stick® PRO™, Memory Stick® Duo™ and Memory Stick® PRO Duo™. The following can be used with the addition of a special adapter sold separately: microSD™ Card, microSDHC™ Card, MMCmicro Card, xD-Picture Card® and Memory Stick Micro™.

2 Camera Phone: a) Requires mobile phone equipped with PictBridge technology and a USB cable.

3 IrDA: requires mobile phone (or other device) with IrDA port and support for IrMC version 1.1 protocol, with phone positioned no more than 7.9 inches from printer.

4 Bluetooth: requires mobile phone (or other device) equipped with Bluetooth v.2.0 and optional Canon Bluetooth Unit BU-30. Bluetooth operation depends on the device and software version used. Operating distance is approx. 10 meters but may vary due to obstacles, radio signals, locations where radio interference occurs, magnetic fields from microwave ovens, device sensitivity and/or antenna performance.

5 Based on accelerated dark storage testing by Canon under controlled lighting, temperature and humidity conditions. Canon cannot guarantee the longevity of the prints; results may vary depending on printed images, display/storage conditions and environmental factors.

6 Print speed obtained using compatible Canon compact digital camera incorporating DIGIC II (other camera models may vary).

7 System requirements vary by application. Some drivers may require download from www.usa.canon.com. See www.canontechsupport.com for updated compatibility.
