Auto Duplex Print

High Quality Printing / Long-lasting Photos.

Beautifully detailed, grain-free prints: maximum 9600 x 2400 color dpi resolution with microscopic droplets as small as 1 picoliter.¹ Those photos will be preserved for future generations with the ChromaLife100+ system: up to 300 years in an archival album.⁴

High Speed, Lab Quality Borderless Photos

Lab quality, borderless photos without a long wait: 4" x 6" photos in approximately 20 seconds.²

Automatically Print 2-Sided Documents

Your customers can save up to 50% of their paper and be kind to the environment, too.

Easy-to-Use Software for Web & Photo Printing³

Print just a section of a web page, clip from several pages then combine and edit into a single page to print, and make custom layouts to save paper – Easy-WebPrint EX makes it simple. Adjust photos in one step using Auto Photo Fix II in the included Easy-PhotoPrint EX software.

Ink & Paper

- PGI-220 (Pigment Black)
- CLI-221 (Cyan/Magenta/Yellow/Black)
- Sample Photo Paper included: 5 sheets – 4" x 6" size

Encourage customers to purchase multi-packs so they are ready when inks run out.

- PGI-220 Black Triple Pack
- CLI-221 4 Color Pack

Operating System³

- Windows® 7 / Vista® / XP / 2000
- Mac OS® X v.10.3.9 to v.10.6.x

Environmentally Conscious
www.usa.canon.com/green

- **Individual Ink Tanks** - Reduce the amount of wasted ink as compared to standard multicolor cartridges.
- **2-Sided Printing** – Reduces the amount of wasted paper as compared to single sided printing.

Creative Park

Encourage your customers to visit the Creative Park website for free clip art, 3D crafts, scrapbooking ideas, greeting cards, and more.

Paper Suggestion Photo Paper Plus Glossy II

A glossy finish paper that produces rich colors and gives photos a traditional look and feel.

Why Choose the iP4700

Over the Epson Artisan 50

- Print photos directly from a PictBridge-compatible digital camera without having to connect to a computer.
- Save paper and help the environment by printing 2-sided documents – no need to turn the paper over by hand.
- Print photos and web pages easily with included software.³

Over the HP Photosmart D5460

- Save paper by printing 2-sided documents. Just select auto duplex printing and the iP4700 does the rest.
- Print photos and documents without having to switch the paper type using the iP4700's two paper trays.
- Photos are printed with fine detail thanks to the iP4700's ink droplets as small as 1 picoliter.

¹ Resolution may vary based on printer driver setting. Color ink droplets can be placed with a horizontal pitch of 1/9600 inch at minimum.

² Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, types of paper used and page coverage. See www.usa.canon.com/printspeed for additional information. Supported paper types for borderless printing are as follows: Photo Paper Pro Platinum, Photo Paper Pro II, Photo Paper Plus Glossy II, Photo Paper Plus Semi-gloss, Photo Paper Glossy and Matte Photo Paper.

³ System requirements vary by application. Easy-WebPrint EX is compatible with Microsoft Internet Explorer 7 in Windows Vista or XP only, is not included on installation CD and requires Internet connection during installation. Some drivers and applications may require download from www.usa.canon.com. See www.canontechsupport.com for updated compatibility.

⁴ Canon cannot guarantee the longevity of prints; results may vary depending on printed image, drying time, display/storage conditions and environmental factors. See www.usa.canon.com/chromaLife100plus for additional information.

⁵ ISO/IEC 24734, 24735 define the default print and copy speed measurement methods. Print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Copy speed is the average of FCOT, ISO/IEC 24735 Annex D. See our www.usa.canon.com/ipm for additional details.

⁶ Requires mobile phone (or other device) equipped with PictBridge technology and a USB cable.
