

CanoScan® 5600F Color Image Scanner

High Quality 4800 dpi¹ Scanner for Documents and Films.

- Zero warm up time and lower power consumption with White LED.²
- New “Auto Scan Mode” automatically adjusts settings by detecting what you are scanning.
- High-speed letter size color scanning in approximately 11 seconds.³
- File multi-page documents easily with the enhanced PDF feature.

4800
x 9600 dpi

High Quality Scanning

Documents and images scan at 4800 x 9600 dpi in 48-bit color.¹

Scanning Made Easy

Auto Scan Mode automatically recognizes the type of image being scanned and saves the image with the appropriate settings. All at a touch of a button.

Enhancement and Correction of Film and Photos

Reduce dust and scratches plus correct backlighting, fading, and grain with three correction strength levels: weak, normal, and strong.

Zero Warm-Up Coupled with a White LED Light Source Saves Time & Energy

No more waiting for the scanner to warm up before scanning. The 5600F is ready to scan files within seconds with Zero Warm-Up time. The white LED light source helps save energy, which adds up to financial savings.²

File and Secure Documents

MP Navigator EX automatically files PDF documents and images in their appropriate folders after scanning. PDF documents can be secured with user-created passwords in order to prevent others from viewing, editing, or printing specific PDF files.

Included Film Guide for Negatives and Slides

It's easy to scan lots of slides or negatives in a short amount of time with batch scanning. The included film guide can hold up to six 35mm frames or four 35 mm mounted for large scanning projects.

Copy, Scan, or Attach to an E-mail with the Touch of a Button

The 5600F features 7 One-Touch Buttons that help create PDF's, copy photos and documents, scan, and even attach to an e-mail.

Know Your Customer

Questions to Ask Your Customer

- ? Do you like scanners that can scan at high speed coupled with high quality?
- ? Would you like a scanner that is easy to use?
- ? Do you want to lock your PDF files with passwords?

CanoScan® 5600F Benefits

- A** The 5600F scans 8.5" x 11" documents in approximately 11 seconds.³ Images are scanned at an optical resolution up to 4800 x 9600 dpi (19,200 dpi software enabled) and 48-bit color.¹
- A** Auto Scan Mode makes scanning easy. Press one button and the Auto Scan Mode does the rest. It scans and saves the image with the appropriate settings already enabled.
- A** MP Navigator EX secures PDF's with user-created passwords so that others cannot view, edit, or print specified scanned files.

Canon CanoScan 5600F Competitive Comparison

Canon CanoScan 5600F Detailed Specifications

1 Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.

2 The time required for the light source to reach sufficient operating temperature.

3 Color document scan speed is measured with ISO/IEC 24712 Newsletter. Scan speed indicates the time measured between pressing the scan button of the scanner driver and when the on-screen status display turns off. Scan speed may vary depending on system configuration, interface, software, scan mode settings and document, size etc.
