

Convenient Features for Easy Scanning Up to 2400dpi¹

For your customers who are looking for a compact, easy to use, yet powerful scanner to scan their documents and photos to their computer.

- Just one USB cable for data and power
- Auto Scan Mode makes scanning easy
- Advanced Z-Lid™ Expansion Top for scanning bulky items
- High-Resolution and High-Speed scanning

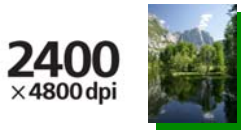

About the size of a legal pad, the compact and stylish LiDE 100 fits even the most cramped workspace. One convenient cable to a computer provides both a Hi-Speed USB 2.0 connection and power. No bulky power adapters!

Scanning made easy: Four buttons automate the most common scanning tasks. Auto Scan Mode automatically adjusts settings by detecting what type of document is being scanned and saves it into an appropriate format (JPEG or PDF).

Scanning bulky items, such as magazines or books, is made easier and more convenient with the Advanced Z-Lid™ Expansion Top. It lifts vertically, and then lies flat, for clear scans of thick originals.

Produce beautiful, detailed scans with optical resolution of up to 2400 x 4800 color dpi.¹ Supports 48-bit color Input/Output. Letter size color documents may be scanned in approximately 24 seconds.²

MP Navigator EX³ software makes it easy to scan photos and documents. Features include utilities for OCR text data conversion, classifying and viewing images in categories and adding passwords to PDF files.

¹ Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.

² Color document scan speed is measured with ISO/IEC 24712 Newsletter. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turns off. Scan speed may vary depending on system configuration, interface, software, scan mode settings and document size, etc.

³ System requirements may vary by application. Easy-WebPrint EX: Compatible with Microsoft Internet Explorer 7 in Windows Vista or Windows XP only, is not included on installation CD, and requires Internet connection during installation. Some drivers and applications may require download from www.usa.canon.com. See www.canontechsupport.com for updated compatibility.
